

## Rescue Squad Golf Party All Set

Wednesday, August 24, would be a good day to make a hole in one.

That's the day of the Rescue Squad Golf Tournament at George Diamond's private course. And "Big John", of Terrell Chevy-Olds, is giving away a new car to anyone who makes a hole in one on a pre-designated hole.

Golfers may tee off at any time they wish. The event includes dinner after the golfing ends, and those who don't golf may still wish to attend the dinner.

All proceeds of the golf

tourney go to the Antioch Rescue Squad. This is the second year for the golf tournament. It was a big success last year, but no one managed to make that elusive hole in one. As Big John has promised a new car for every golfer who can turn the trick—on the specific hole—it could turn out to be an expensive day for Mr. Terrell.

Tickets for the event are available at the First National Bank, State Bank of Antioch, Antioch Savings & Loan and Rescue Squad members.

## AFS Student From Ecuador

Miss Diana Maria Stagg, 18, of Guayaquil, Ecuador, is probably anxiously anticipating her year's stay in the United States, and her enrollment, as a senior, at Antioch High School in September.

Equally anxious are her waiting American family, Mr. and Mrs. Walker Lyons, Sally, Kevin and Gary, of 483 Windsor Drive, Antioch.

Sally Lyons is about the same age as Diana's thirteen year old sister, Sylvia, in Ecuador. Having two younger brothers will be a new experience for Diana, as her own brother, Antonio, is 20 years old and an electronics student in Hamburg, Germany. Her parents, Edwin and Angela Stagg, took an exchange student from America into their home in 1960. Diana, from all reports, sounds like she will be an asset to our community. She was president of her junior class in Ecuador. She has been active in sports and has a great interest in music and the English language. Diana

has visited the eastern part of the United States previously, and she wants to learn and understand all she can about life in the United States. She can tell our community, first hand, about her small South American country of Ecuador. The search for knowledge and understanding is truly a step toward peace.

**A.F.S. NEWS:** The Antioch High School A.F.S. Club will have over half its financial goal before school starts in September, thanks to the A.F.S. Dairy Queen trailer sales.

**Attention Antioch High School Students:** Remember to save those R.C. Cola and Diet-Rite "Save-a-Seal" bottle caps. Every 10 "Save-a-Seal" counts towards increasing the Antioch A.F.S. Clubs foreign exchange student fund. Call Gary Strahan, 395-1111, Chris Fournier, 356-5106 or Pat Lombardo, 395-4008 when you have 25 or more "Save-a-Seal" bottle caps for A.F.S.

## Outing For Viet-Nam Vets

Ladies of the Antioch area who are in the mood to turn out a culinary triumph of some sort in the name of patriotism are urged to get in touch with Lillian Olson at 395-3748.

Occasion of the need for food of all sorts is the outing next Wednesday for a group of Viet Nam veterans as the guests of the Antioch Township Republican Women's Club. Although the outing is GOP sponsored, war knows no politics, and contributions from Democratic cooks will also be welcomed. The ladies of the GOP Club are preparing chicken Bar-B-Q for the boys' evening meal. However, a potluck lunch is also being provided, and for this sundry eatables, such as salads, cakes, pies, and what-have-you are needed.

There will be forty-six hungry young men to feed during the day's outing at Carroll's Resort at Lake Bluff. The day will be devoted to fishing, swimming, boating and dancing. The Nueces, a combo from the Antioch area, are expected to provide music for dancing in the evening.

Dancing partners for the young men will be needed also, so any young ladies interested are invited by the women of the GOP to call Mrs. Olson at 395-3748.

## Set Date To Register For Grass Lake School

John P. Schockmel, Superintendent of Grass Lake School, announces that registration for all students will be the first day of school, Friday, September 2, from 8:30 a.m. to 11:00 a.m. Students on this day will pay their \$11.00 book rental and insurance fee.

The school buses will make their regular runs beginning at 8:15 a.m., and at 10:00 a.m. the buses will begin their return runs home. The kindergarten class will be one session this year, running in the morning. All kindergarten children must have proof of birth (must be 5 on or before December 1, and have a physical and dental examination before entering school.

## Antioch Fire Dept. Takes First In Water Fights

The Antioch Fire Dept. water fighting team brought two trophies home from the Kenosha County fair—a first place and a sixth place trophy.

The Wilmet Fire Dept. and the Fair Association co-sponsored the water fight competition. Ten local fire departments participated. Antioch entered three teams, and two of them made the finals.

The three top final winners were Antioch, Lake Villa and Silver Lake.

## Chamber Office Moved Again

The Antioch Chamber of Commerce is moving its headquarters again—this time back to the offices they left to move into the building at the corner of Lake and Main St.

As of August 20, Chamber headquarters will be on the second floor of the Walter Koziol building, with the entrance next door to Harold's Restaurant on Main Street.

Address of the new Chamber office is 908 Main St.

## Urge Parents To Register Children

Officials of the Antioch Grade School are urging parents to register their children eligible for kindergarten during the next two weeks and avoid the last minute rush just before school opens.

Richard Whitacre, Superintendent of the Antioch Elementary Schools, says that registration for the Oakland Building is almost complete; but, only about one-third of the students expected at the Antioch Building have come in and registered.

When registering the five year old, parents must present birth certificates showing that the child's fifth birthday is on or before Dec. 1, 1966.

is unlawful because it interferes with the effective movement of traffic.

Dinkheller said he has requested local authorities to take appropriate action toward compliance with the law. Most of the right of way usage offenses occur within the corporate limits of municipalities and the State Highway police normally do not operate within these areas, Mr. Dinkheller said.

## No Roadside Stands, Says State

The State Highway Department is asking municipalities to cooperate in preventing the use of state highway right of ways for the sale of miscellaneous items such as cut flowers, ice cream bars, vegetables and fruits.

District 1 Engineer J. M. Dinkheller of the Illinois Division of Highways said such use of the state right of way

## Grass Lake Board Backs Jr. College

At its last regular meeting the Board of Education of District 36 (Grass Lake School) passed a resolution to approve the formation of a Junior College for Lake County. This resolution was to be presented at a public hearing held at the Mundelein High School on August 17 (Wednesday) at 7:30 p.m.

Supt. Schockmel will report back to the board as to the outcome of this meeting.

Mr. Schockmel reported that all the staff is hired, including Mrs. Esther Schroe-

der who will teach 3rd grade. Mrs. Loraine Taylor who will teach 1st grade and Mrs. Regina Parcells who will teach the half-day kindergarten session.

The board also approved the renewal of the student insurance with the Mutual of Omaha Insurance Company.

After adjournment, the board toured several classrooms, washrooms, hallways, and the office which all have been repainted with credit going to Mr. Haase, the school's new custodian.

## Open New Hobby Barn

Stowe's Hobby Barn, out on Rt. 83 south of Antioch, will hold their Grand Opening August 20 and 21.

Prizes, sales, and "wildcat" races are scheduled for the Grand Opening day Saturday. Sunday morning, from 10 a.m. to noon, Russ and Judy Stowe, owners of the Barn, will host local merchants at an Open House with coffee and doughnuts.

The new Hobby Barn will feature materials for all types of hobbies, including the popular model car racing. Model cars and all accessories are for sale and they have two tracks, a speed track and a "Mickey Mouse".

Judy stresses that model cars are not the only hobby materials available. "There's hobbies for every member of the family, and what we don't have we'll order on request," she said. Paint-by-number kits, stone pictures and fabric paint kits are some of the supplies on hand.

The Stowes previously had a Hobby Barn on North Ave., where they were dogged by bad luck. Their store was robbed, hit by lightning and finally destroyed by fire between May and October.

## Students Give Concerts At Wonderland

More than 200 students will be attending the Salvation Army's Central Music Institute August 18-28 at Camp Wonderland, six miles northwest of Antioch.

This will be the 32nd annual institute which is similar to the National Music Camp at Interlochen, Mich. The students will get ten days of music studies combined with the pleasures of summer camping. Enrollment is limited to students 14 years of age and older who have earned advanced ratings at one of the divisional music camps held earlier this summer.

Capt. Ernest A. Miller is director of the institute which will have a faculty of 34 musicians.

Three major concerts to which the public is invited will be presented in the camp amphitheatre at 8:15 p.m. on Aug. 25, 26 and 27. The faculty band and soloists will present the Aug. 27 concert. The concluding concert at 2 p.m. on Aug. 28 will be given by the student bands and choral groups.

Six music classes and rehearsal sessions will be attended daily by each student, with ample time reserved for swimming, boating, tennis, baseball, volleyball, and other recreation.

## Channel Lake Man Dies of Burns

Robert Harry, Channel Lake, died Saturday, August 13, in a Chicago hospital as the result of burns suffered two weeks ago. Mr. Harry was burned when the oven in his camper-trailer exploded two weeks ago.

Funeral services were held from the Peterson Funeral Home in Chicago Tuesday morning, August 16. Interment is to be in Minnesota.

Mr. Harry was a member of St. Mark Lutheran Church at Lindenhurst.

## Rescue Squad Has Quiet Week

The Antioch Rescue Squad had a quiet week last week, particularly for the summer season.

The squad assisted Todd Welch, 3 years old, of Tinley Park, when he fell from a ledge in front of a house to a concrete sidewalk. He was unconscious and was taken to the clinic.

On August 15, Marge Hansen was taken to St. Therese Hospital by the squad when she fainted at Frosteo Sno.

## Board Protests Extra Charges On Contracts

Most of Tuesday night's meeting of the Antioch Village board was spent in protesting extra charges on bills submitted for recent sewer jobs, which brought the price of the jobs over the contract price.

The board refused to approve bills on the Anita St. sewer. LaPlant Industrial Acres and the engineer's bill, returning them to the village engineer with instructions to consult with the sewer committee and the contractors as to reasons for the extras.

First bill to come under fire was the bill from Meyers Construction for the Anita St. sewer. The bid price was \$27,826. Total price of the finished job was \$29,937.

Mayor Ray Toft protested the extras, pointing out that two extra piles had been charged for, whereas many feet less than called for in

the specifications was used. Because of bad ground, the sewers in that area are supported by piling.

Roger Patzer, village engineer, said the contract called for payment per pile, rather than by footage. Extras were also involved in extra gravel for back-filling and blacktopping to restore the surface of a parking lot at one of the plants, he said.

Mayor Toft said he felt the extra material should be balanced by the lesser number of feet of piling used, and instructed Patzer to consult with the contractor.

When the bill for work on sewers in the Southeast Industrial Acres was presented, Mayor Toft halted the proceedings to ask for a resolution to re-name the area LaPlant Industrial Acres. The board approved the motion.

The bill for sewer work to

the new construction on Route 173 also called for extras in the amount of about \$450. The village board is acting as agent for the owners of the property in construction of the sewer.

Toft again protested the extras. The expenditures, he said, should have been approved by the owners. The board, he said, could not approve charges over the contract price, as the owners would have to pay for them.

Because the engineer's bill is a percentage of the total cost of the project, the bill for the Anita St. project was tabled pending final determination of the amount.

**PROTESTS PERMIT FEE**  
Bill Wilton, of Wilton Electric Shop, asked the board to re-examine and clarify their schedule for permit fees for electrical work. As the ordinance is now worded, he

said, it apparently calls for a fee each time any electrical work is done in an existing building.

The permit fee of \$25 to industries and \$5 for residences often makes the permit fee a substantial portion of the cost on a small job, he pointed out.

The fee for installing 8 outlets for a business establishment might run \$80 for the work and \$25 for the permit under the new ordinance, he said. Installing one outlet in a home could mean that the permit cost more than the installation, he pointed out.

Mayor Toft instructed the committee of Vern Barnstable, Bob Wilton and Irving Walsh, who drew up the original schedule, to re-examine and clarify the permit ordinance.

**CAR LOTS OBSTRUCT SIDEWALK**  
George Boyd reported that his young son had received a black eye and loosened teeth when he ran into a car obstructing the sidewalk at Pittman Motors, and asked the board if anything could be done about the situation.

The problem of cars in car lots obstructing sidewalks is a continuing one, Mayor Toft pointed out. After discussion of the possibility of passing an ordinance on the matter, the Mayor instructed the street committee to again contact all car dealers in the village and ask them to move the cars back. Toft advised Boyd to ask Pittman Motors to report the injury to their insurance.

The matter of water standing on Greenbriar St. in Village Green subdivision was turned over to engineer Roger Patzer for investigation.

Vern Barnstable reported sidewalk restoration on Victoria St. completed. The board approved his recommendation that sidewalks at the High School, Scout House and other individual bad spots be fixed next.

**SALE OF VILLAGE PROPERTY**  
The board approved a motion to advertise a pie-shaped parcel of property between the Scout House and Library property for sale. The property is 40 feet frontage on Main St. and 160 feet long, dwindling to inches at the east end.

The Antioch Township Library had previously asked the board to trade the property for two pieces of township property east of the library, now occupied by bleachers, toilets, etc. for the Little League ball diamond. Attorney Ed Jacobs said the property must be advertised for sale.

The township property is two pieces about 40' by 100' and 20' by 160'.  
**SEWER PROBLEM IN OAKWOOD KNOLLS**  
Mayor Toft reported that a situation had been called to his attention on Oakwood Drive making it impossible for residents there to hook into village sewers.

Oakwood Knolls residents had been recently instructed to hook into village sewers, in conformance with the village ordinance against septic tanks, or be penalized.

A home on Lot 1 on Oakwood Drive could not hook into the sewer unless he installed a lift pump, Toft said, because the basement of his home was lower than the sewer line. Several surrounding lots have the same problem.

Two of the homes were built before the sewer was installed, Toft said, and eventually it will affect 6 or 7 homes. The board instructed engineer Patzer to furnish an estimate of the cost of re-installing the sewer at a greater depth.

Trustee David Nissen presented a petition for annexation into the village of the Kravitz property on North Ave. The board approved annexation.

## Trevor Man Killed On Wis. Road

Joseph "Shorty" Fernandez, 34 years old, of Trevor, Wis., was killed last Friday, August 12, when the truck he was driving plowed through two frame buildings near Highway 66 south of Litchfield. Fernandez reportedly swerved to avoid hitting a car ahead of him, and his truck left the road and hit the buildings.

He was born Dec. 28, 1931 in Chicago, and had lived in Trevor all his life. He married Joan M. Baldwin on February 11, 1956. He had served in the Navy from Feb. 19, 1952 to Feb. 18, 1960.

He was preceded in death by his father, Joseph N. Fernandez, on Feb. 10, 1962. Survivors are his wife, Joan; one son, Joseph, Jr.; his mother, Mrs. Louise Fernandez; two brothers, Don and Dave Fernandez, and his grandmother, Mrs. Louise Astrop, all of Trevor.

Funeral services were held at 11 a.m. Tuesday at the Strang Funeral Home in Antioch. Interment was in Liberty Cemetery.

## Cars Damaged In Rear-End Collision

Claire Harms, 1133 Greenbriar Lane, Northbrook, complained of injuries but said she would see her own doctor after the car she was driving was involved in a rear-end collision in front of the Antioch Bowl Monday night shortly after 8 p.m.

Miss Harms said she had her left turn signal on to turn into the parking lot at the Antioch Bowl when her car was struck from behind by another car.

George L. Warehol, 1206 Forest Drive, Lake Villa, said he saw the turn signal and applied his brakes but could not stop in time to avoid running into the other car. He reportedly suffered no injuries.

Both cars were damaged in the incident. No citation was issued.

## Overflow Crowds At First Services In New Church

Members of First Church of Christ, Scientist, reported that many friends attended the first two services held in the new church in Antioch Sunday.

The two opening day services were held at 11 a.m. and 3:30 p.m. The new colonial church is located at Harden St. and Route 173. The interior is decorated in red and white. There is still much work to be done, members report, but the interior is nearly finished.

Director, Lloyd Pedersen (far right) holds a rehearsal for singers Gary Strahan and Sue Bushnell, while Wendy Jensen accompanies on the guitar, in preparation for Spoon River.

## Spoon River To Be At PM&L

If you can, while reading this article, imagine you are right where you are, the same place, only the name of it is Spoon River. Look around you. Imagine you see the same things you do, but date them about 1900. Now imagine you are you, only dead, looking back at all these things. You probably would not look at them in the same way as when you lived, for you must look at them now as you, looking at you. Confusing? Continue?

Imagine now that you are in the P.M. & L. Theatre. The date is August 26 or 27 of this year. The time is slightly before 8:30 p.m. The house lights dim and the curtain opens. There is not very much light on the stage at this moment, but what light there is both striking and beautiful. A guitar is heard accompanying a beautiful ballad, and while you are engrossed in the song, four actors come on stage in silhouette. You can't tell who they are, but you have a feeling that something very different and exciting is about to happen.

The time flies by. The scenes change, the songs change, the lighting changes, and surprisingly, the actors change too. Finally the curtain closes and the house lights come on. As you walk out of the theatre, you find yourself turning to one of your friends to say: "Do you know? for a moment I thought I saw and heard myself on that stage. Isn't it strange?" and your mind travels far back, and you smile in spite of yourself.

If you have never had a theatre experience like this, it is something you should not miss. Spoon River Anthology by Edgar Lee Masters will probably be a new experience for everyone in the Antioch Region, for, indeed, it is a new type of theatre for P.M. & L., as well.

Lloyd Pedersen, the show's producer, and director and one of the show's four actors invites you to spend an eve-

ning, either August 26 or 27, with the cast and crew of Spoon River Anthology. Tickets are available at the box office, or reservations by phone (395-3613). P.M. & L. promises one of the most different, exciting, and enjoyable evenings you have ever had.

## Central High School Awards Contracts

Bids on various supplies for Central High School were opened at the August 9 meeting of the Board of Education and contracts were awarded to the following firms: fuel oil, Lockwood Oil Co.; gasoline and oil, Farmco; milk, Mariandale Farms; potato clips, Frito Lay; bus insurance, Al Paddock.

The board also approved the sale of an old freezer to Bigelow Co.

## Named To Dean's List At U. of I.

Four Antioch students were on the Dean's list at the University of Illinois for the 1966 Spring Semester.

Among the honored students named were Anthony J. Badame, Rt. 4, Box 21 291A, Antioch; Albert Edward Dittman, Rt. 2, Box 481, Antioch; James Freder Edwards, 600 Parkway, and Harleen Alice Young, 701 N. Main St., Antioch.

## State Suspends Drivers License

The Driver's license of Calvin L. Gibson, 808 Main St., Antioch, was recently suspended following three violations, according to the office of Secretary of State Paul Powell.

A probationary permit was issued to Harold C. Petersen, Rt. 5, Box 152, Antioch.

## Busy Waters

The lakes and streams, like the highways, are getting so congested that groups with varying interests complain loudly about interference with the pursuit of their recreation and about dangerous practices of various groups.

The "hot-rodding" motor boat draws the loudest complaints. An irresponsible boat operator is as dangerous on the lake as the drunken driver on the highway.

Water-skiers come in for their share of protest, too, though it's usually the boat pulling the skier that causes the trouble. Real, dyed-in-the-wool water-skiers generally practice the utmost courtesy in regard to other boats. The week-end skier, like the week-end driver, is more inclined to be reckless and unheeding of the rules of safety and courtesy.

We can't expect police to solve all these troubles for us. It would take a force much too large to be practical to really police the waters. Individual citizens can help, though, by calling the Sheriff's Water Patrol when they encounter dangerous disregard for other's safety.

Most people, unfortunately, don't want to take the responsibility of reporting law breakers. They expect the police to solve all their problems without any effort or inconvenience on the part of the individual citizen.

It can't be done. Until people are ready to lend their support to police, instead of merely complaining, the reckless and the lawbreaker will continue to "get away with it."

## Courthouse Notebook

BY LOU DURKIN

Violence begets violence and discrimination begets bigotry. This was never more noticeable than in the latest developments in the racial demonstrations over the weekend with whites triggering incidents as Negroes demonstrated for what they claim is a right to live wherever they want.

The most disquieting aspect is the reaction of normally sound people to increased activity by the American Nazi Party in the wake of the racial crisis in Chicago. It would indeed be an American tragedy if the anticipated white backlash should allow the philosophy of the American Nazis to be acceptable to men of normal good will.

Bleeding hearts who insist that responsibility does not go hand in hand with rights are bad enough and have caused considerable dissension, but better this than even a tacit or passive acceptance of the American Nazis, the Ku Klux Klan or any other group that advocates race and religious bigotry and hate.

Political activists are perhaps the most forward looking people in any walk of life since they are always looking one election ahead and lining up possible candidates for primaries two years away.

This explains recent developments among some Lake County Republicans who are anticipating the 1968 primaries when they hope to nominate a candidate who can win the race for Governor.

These GOP hopefuls see in John Henry Altorfer, of Peoria, a chance for the Republicans to gain the governor's seat after an eight year banishment.

Altorfer, who first made the state political scene two years ago when he won the nomination for Lieutenant governor, won a host of friends throughout the state and he has a strong nucleus of willing supporters here in Lake County who are anxious to get together with him and start the ball rolling in his favor.

The personable young industrialist will probably be a familiar figure at Republican gatherings and non-political social events in Lake County

in the coming months as his backers seek to sew up this populous area for him.

Backers of Waukegan Attorneys Richard R. Bairstow and Lloyd Van Deusen, apparent front runners for the Republican nominations for Associate Circuit Judge in next week's judicial nominations for Associate Circuit Judge in next week's judicial conventions are counting heavily on the band wagon psychology.

Uncommitted committeemen are being pressured to join the winners, but many of them are still holding out against a clean sweep for Waukegan.

Atty. Thomas Doran of Mundelein who is one of three sitting magistrates in the field, is the first choice of this group.

If Judge Doran can garner enough votes on the first tally to keep the race alive he has a strong chance of coming up with one of the nominations because many committeemen are committed on just the first ballot.

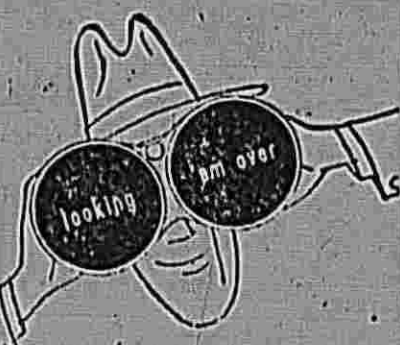

It would seem advisable for the Republicans to have at least one judicial candidate from the western part of the county even though Waukegan will be without a non-judicial officer in the courthouse after the election in November.

Besides Doran the sitting magistrates who are battling for promotion are Republican Peter Melius, of Waukegan, who is supported by Coroner Pat Clavey, and Democrat John Hughes, of Waukegan, who is the only Democrat in the race at present.

In a three man race for two posts the Democrats stand a good chance of electing their man if Republicans in the western part of the county sit on their hands because of dissatisfaction with the ticket.

W. J. Murphy, of Antioch, is apparently determined to win re-election to the state legislature by a big margin to enhance his chance of winning the battle for Speaker of the House.

Murphy was the spotlight man at the old-fashioned barbecue and picnic hosted by Paul Serdar, of Wadsworth, Wednesday, and he will be the man of the hour

By Pearl Kapell

How do fads originate? The origin of some is fairly obvious—a good job of advertising. It would be interesting to know how some others originate, though. And the one I'm thinking of is floating down the river on an inner tube.

Sound sort of silly? Well, it's a fad that's really caught on in an area near St. Paul. Just returned from vacation, and spent a Sunday afternoon watching—and partially participating—in this odd sport.

Maybe somebody with a large supply of inner tubes promoted the sport. Anyway, for several miles along the St. Croix River, signs announce "inner tubes, 50c." You rent an inner tube for each member of your party—after standing in line for about 20 minutes—pick out a likely spot to embark and start your trip.

The St. Croix in this area is very shallow, maybe four feet deep in the deepest parts. And hundreds of people were "floating down the river" on a Sunday afternoon, each draped comfortably in an inner tube. Old, young, teenagers, everybody seemed to be having a wonderful time.

Unfortunately, after you float downstream, you have to walk back upstream. Even if you don't care to repeat the trip, you have to return the inner tube, as you have to put down a deposit.

If you have any intention of engaging in inner-tube floating in the St. Croix, a few words of caution: wear tennis shoes, as the bottom of the river seems to be made up entirely of sharp rocks; and make sure you have a fire large enough to support your weight. Otherwise, the deficient fire simply folds up around you and drops your derriere onto the sharp rocks. Which is nothing like floating lazily down a river.

Well, it's great sport—and one way of using a supply of old inner tubes. Particularly if you have a shallow, lazy river close at hand. One that's too shallow for motor boats. Methinks it would be a pretty hazardous sport in this area.

## Letters to the Editor

Saturday, 8/13/66

Dear Editor,

Steinbeck said, "In the souls of the people the grapes of wrath are filling and growing heavy, growing heavy for the vintage." I think we can very readily apply this phrase to the people, both black and white, in the Chicago area this summer. It isn't very pleasant to discuss, but one cannot deny the very distinct possibility of revolution in our area. It seems impossible but we may witness a bloody revolution such as has not been witnessed in the continental U.S.A. since the Civil War.

This letter is not to beg the Civil Rights question, but rather to ask both sides to reconsider and concede a little of their pride and begin to rebuild the foundation which holds the American people together—we need a united people to fight a war!

Sincerely,

## BICYCLE SAFETY

Remember, when a bike hits an auto, the auto usually wins. When a bike hits a person, the bike usually wins. But in either event, if you are riding the bike, you lose! Bike riders should never ride out of alleys and driveways or dart from behind parked cars without stopping and looking to see that the sidewalks or the streets are clear.

The following article was written by a Santa Ana Chief of Police, published in the "Two Rock Station Bugle," Petaluma, Calif.

"I KILLED A LITTLE BOY"  
A little mound of earth, a granite stone

That spells his name, and marks his years, age three. And joy he brought in life, in death has flown.

And heartbreak lives with loved ones—and with me.

Forever will he haunt my memory—

As from his mother's side, into the street he dashed, with shout of joy—then suddenly—

A sick'ning thud—as flesh and metal meet. He lay there pale and broken, stilled his cry.

A crimson hole moist beneath his head, I knew at once, and cried, "Dear God, that I And not this child, might lie there dead."

The officer, the coroner, were kind. There was no guilt, according to the laws:

Yet, they would know, could they read my mind, That "heedless inattention" was the cause!

I was not really speeding at the time. Five miles above the law, perhaps, or ten.

What I had done could not be called a crime. But, oh, if I could take that drive again.

For in the night I hear that mother's shriek, Co-mingling with my brakes in tortured scream. I shudder—and my heart and soul grow weak.

To wake up and know it's not a ghastly dream! It's true the law absolved me of all blame.

The guilt that swells within is mine alone. I killed a little boy, and carved his name—

Upon my conscience—as upon his stone!

By Lillian Birdsell

The Collegians of the Antioch Chapter entertained the officers and the appointed officers with a buffet style dinner at the home of Alice Young on Tuesday, August 9, with 17 co-workers in attendance. Following the dinner a question and answer session took place and many interesting viewpoints were discussed.

Attending the Hand Book session that was held in Waukegan on Sunday, Aug. 14, from Antioch were, Senior Regent Lillian Birdsell, Jr. Regent Marge Hartman, Chaplain Rosemarie Hadley, Treasurer Florence Farber, and Recorder Jerri Polson. Wilma Martinson was the presiding officer and she talked on the duties of the officers for running a chapter. There were 26 officers present at this session, representing six different chapters. Refreshments were served by the Waukegan Chapter following the meeting.

Jr. Governor of the Antioch Lodge, Seth Mark, his wife Gerry and Mr. and Mrs. Scott Birdsell attended the 3rd District meeting held in Crystal Lake Sunday morning, August 14. Breakfast was served by the Waukegan Lodge which was host for this meeting. A nomination for a vice presidency for the 3rd District was placed for a motion, but because of the small attendance at this meeting it was decided they would wait until the next meeting of the 3rd District which will be held in Waukegan on Saturday evening, Sept. 10, at which time nominations for the vice president will be placed in motion.

Governor Richard Jorgensen would like to remind the

members to attend the annual lodge picnic that will take place at Lake Shangri-la Sunday, August 21, also of the enrollment for new Loyal Order members to be held at the Antioch Moose Home Sunday morning, August 28, with the serving of breakfast.

The Men's Style Show which is scheduled for Saturday evening, Aug. 27, should be a hilarious program since the men will be modeling women's clothes. Dancing is to start at 9 p.m. and the style show and a smorgasbord will follow. Anyone who wishes to go to this affair may call Ed Kurtz at the Antioch Moose Home or Seth Mark for information.

A meeting of the Loyal Order of Moose will be held at the Antioch Moose Home on Wednesday evening, August 24 with a birthday dinner to follow.

The Women of the Moose will hold their regular business meeting at the Moose Home on Thursday evening starting at 8 p.m. sharp.

### TO NEW HOME

Mrs. Ogot Hennig, Channel Lake, left her home on Lake Avenue last week to take up residence in the Eastern Star Home at Rockford.

Mrs. Hennig has lived at Channel Lake for about 17 years. Her new address, for her many friends in the area, is "Eastern Star Home, 2400 S. Main St., Rockford, Ill. 21102.

Freeze some cookies in small packages sufficient for one or two people. They're handy when you pack lunches.

## Your Social Security

During the last 30 days the following questions were asked the most frequently by residents of the Lake-McHenry County area:

(Q) A friend told me that I had to pay \$50 every year plus \$3 per month in order to receive medical protection under Medicare. Is this true?

(A) The \$50 you refer to is called a deductible. It is true that Medicare will not pay the first \$50 of your covered medical expenses in a year, however, if you don't have medical expenses, the \$50 would not be paid. You would pay \$3 per month as a premium payment for your medical insurance.

(Q) I will be 65 years old this year. I plan to continue to work and will earn over \$8000 this year. Do I have to retire to get Medicare benefits? Must my employer be notified if I do file an application?

(A) You don't have to retire to obtain Medicare benefits. All that is required is that you complete an application and prove your age. When you sign up you will receive a full explanation of how and when regular benefits can be paid. Your records at Social Security are confidential, so your employer will not be contacted without your permission.

(Q) If I retire in August, after earning over \$4000 for the year, do I have to wait until January to draw my Social Security since my earnings are over the \$1500 allowed by Social Security?

(A) No, your checks will

begin with the first month you limit your monthly earnings to \$125 as an employee or render no substantial service in self-employment.

(Q) I will be 65 years old in December of this year. When should I file for Medicare benefits?

(A) If you sign up during the three month period before the month of your 65th birthday, you will be protected as of the month you reach age 65. If you wait and do not sign up until the month in which you are 65, your coverage will not begin until the next month. In other words, waiting until you are 65 could result in a lost month of insurance. If you wait longer than one month, there would be a further delay in this coverage. You would be covered for hospital insurance as soon as you apply.

Bernard Barnett, Social Security District Manager in Waukegan, cautions residents that the Social Security office is no longer open on Saturdays. Special hours from 4:45 through 9:00 p.m. on Monday evenings will continue. The office is located at 2500 Grand Avenue, Waukegan, Illinois.

### "Shall I Force My Child To Go To Sunday School?"

By J. Edgar Hoover of the F.B.I.

Shall I make my child go to Sunday school and church? YES.

And with no further discussion about the matter. Started? Why?

How do you answer Junior when he comes to breakfast Monday morning and announces that he is not going to school any more. You know—Junior goes. How do you answer when Junior comes in besmudged and says, "I am not going to take a bath." Junior bathes, doesn't he?

Why all this timidity then in the realm of his spiritual guidance and growth? Going to wait and let him decide what church he is going to when he is old enough? Quit your kidding! You didn't wait until he was old enough to decide whether he wanted to go to school or not to start his education. You didn't wait until he was old enough to decide whether he wanted to be clean or dirty, did you? Do you wait until he is old enough to decide whether to take his medicine when he is sick, do you?

What shall we say when Junior announces he doesn't like to go to Sunday school and church? That's an easy one to answer. Just be consistent. Tell him: "Junior, in our house we all go to church and Sunday school and that includes you." Your firmness and example will furnish a bridge over which youthful rebellion may travel into a rich and satisfying experience in personal religious living.

The parents of America can strike a telling blow against forces which contribute to juvenile delinquency. If our Mothers and Fathers will take their children to Sunday school and church regularly.

### COSMETICS CAN HARM UNWARY CHILDREN

Washington, D.C. — More than 3,000 children are accidentally poisoned by cosmetics each year, by such harmless-seeming substances as colognes and nail hardeners. To reduce this fearful toll, as well as the toll of almost 30,000 children accidentally poisoned by drugs, the Food and Drug Administration urges support of the Child Safety Act now before Congress.

Under this act cosmetics containing dangerous substances would be required to carry a warning label as well as information on antidotes and first aid treatment.

### CAUSE FOR COMPLAINT

A castaway from a wrecked ship was captured by cannibals. Each day his arm was cut by a dagger and the natives of the island would drink his blood. Finally one day he called the king. "You can kill me and eat me if you want," he said, "but I'm getting sick and tired of being stuck-for-the-drinks."

## Honeymoon In Pacific Northwest

Miss Judith Hovorka of Mt. Carroll, Ill., and Alfred Pedersen, Jr., of Rt. 3, Antioch, were united in marriage at St. John's Catholic Church in Savanna, Ill., Saturday, August 6.

The bride is the daughter of Mr. and Mrs. James Hovorka, Rt. 2, Mt. Carroll. The groom is the son of Mr. and Mrs. Alfred Pedersen of Rt. 3, Antioch.

White and lavender gladioli decorated the altar for the 11 a.m. Nuptial Mass. Father Millane performed the double-ring ceremony.

The bride was attired in a floor-length gown of bridal tulle. Her gown featured a scalloped neckline, empire line, long tapered sleeves and a sheath skirt. A cotillion overskirt fell into a majestic chapel-length train from a cutaway style in front. Appliques of Chantilly lace and crystals frosted the bridal gown. A double crown of pearls and crystals held the illusion veil in place. She carried a cascade of white carnations and roses with an orchid in the center.

Mrs. Jeanine Hawk, Mt. Carroll, sister of the bride, was matron of honor. Bridesmaids were Marilyn Janssen, Shannon, Ill., and Sandra Wickland, Stockton. Teresa Schnitzler, Mt. Carroll, was flower girl.

The bride's attendants wore floor-length gowns of lilac satinette crepe. The gowns were highlighted by Empress Josephine silhouettes and mantilla cape trains. Tiny rose cluster with forward brushes of lily of the valley held their four-tiered blusher veils. They carried sprays of lavender and white gladioli accented with green leaves.

Lloyd Pedersen, brother of the groom, was best man. John Bonner, Lake Villa, and Robert Cunningham, Antioch, were groomsmen. Dean and Dale Pedersen, twin brothers of the groom, were ushers.

The mother of the bride wore a gown of turquoise blue with jacket to match and white accessories. The groom's mother wore blue brocade with white accessories.

A dinner at the new Farm Bureau hall in Mt. Carroll was followed by a reception. Charlene Knisley and Maryann Habel, cousins of the bride, assisted at the reception. Annette Cates attended the wedding book. Guests were from Antioch, Waukegan, Mt. Carroll, Chicago and suburbs.

A reception for the newlyweds was also held in the evening at the Holiday

House, Ingleside, with approximately 125 persons in attendance.

The newlyweds will reside in Rockford after a honeymoon trip to the Pacific Northwest.

The bride is a graduate of Mt. Carroll High School and the Rockford School of Business. She was employed at Crum & Forsters. The groom is a graduate of Antioch High School and is attending the Rockford School of Business.

## Heick-Jilly Wedding At St. James Church

By Mrs. Bernice Bernau

Miss Margaret Lee Heick became the bride of James A. Jilly in a 4 p.m. double ring ceremony read by Rev. Gerard Broccolo at St. James Church in Highwood, on Sunday, August 7.

The bride, daughter of Mr. and Mrs. John S. Heick, 104 N. Fairfield Rd., Lake Villa, was given in marriage by her father. She wore a floor-length gown of white Irish linen, with re-embroidered lace; the bodice was fashioned with an oval neckline, and three-quarter length sleeves. The skirt was slim empire style, with detachable length train. Her headpiece was a crown of lace and pearls with imported illusion veil. She carried a bouquet of white roses.

Miss Sharon Browning of Highwood was maid of honor. The groom's cousin, Miss Cathy Holway of Lake Villa, and Miss Marylee Hansen of Antioch were bridesmaids.

The bridegroom is the son of Mr. and Mrs. Alfred E. Jilly, 1015 Lakeview, Ingleside. He was attended by his brother, Alfred R. Jilly, of Round Lake. Groomsmen were the bride's brother, Jack Heick of Lake Villa and John Mason of Ingleside.

The bride's attendants were attired in moss green lace over satin bodice. The bodice was fashioned with oval neckline and elbow length sleeves. Their slim empire skirts were satin trimmed. They wore headpieces of matching colored veil on a pearl comb. They carried bouquets of yellow roses and green tipped carnations.

A reception for over 400

friends and relatives was held at the Lindenhurst Civic Center. Two bands played during the evening, the Rhythm Kings and the Parasites. The groom played with the Rhythm Kings for 5½ years before going into the service this year and organized and managed the Parasites for over a year. The youngsters are from the Antioch and Lake Villa area. Mr. Jilly graduated from Grant High School in Fox Lake in 1962.

He attended Vandercook College of Music in Chicago for 3½ years. He plays 20 musical instruments, playing the sax and clarinet when with the Rhythm Kings.

He enlisted in the Seabees, and just finished six weeks of indoctrination at Davisville, Rhode Island. He graduated July 29, with a rank of petty officer 3 c.

The former Miss Heick is a June graduate of Antioch High School.

The newlyweds will honeymoon on their way to Hue-meme, California where he will take his combat training, before going to Viet-Nam to join his battalion.

## Rifles Shutout Canton Centaurs

The 1966 Lake County Rifles football team has served notice that they are a club to be reckoned with this season. Before a capacity house at Waukegan's Weiss Field, the Rifles opened fire on the visiting Canton Centaurs, downing the Professional Football League of America entry by a 34-0 score.

Coach Gene Cichowski's defensive unit displayed mid-season form when, late in the first quarter, the Rifles held the Centaurs on the three yard line and took over on downs. A brilliant exhibition of defensive prowess was demonstrated by Joe Smith of Indiana State, Don Schmidt, a linebacker from Fox Lake, former Canadian linebacker Bo Abrahamson, and tackle Al Hopkins of Carthage College.

In the second quarter, All-American quarterback Lev Flynn of Barrington, unlinbered his passing arm and hit receivers Jim Bednar and Warren Nicholas and moved the Rifles toward the enemy goal line. Kenny Johnson and Ron Curry aided the drive with a fine running performance. With a fourth down situation, the Rifles' star halfback Ron Curry built his way into paydirt from the five yard line. Wayne Miller converted, and the Lake Countians left the field with a halftime lead of 7-0.

There was action a plenty in the second half as the Ri-

fles rolled up 27 points in the third quarter to put the game out of Canton's reach. Tackle Al Hopkins streaked through Centaur blockers and caromed into a punt that rebounded into the Canton end zone. Defensive Captain Bob Cook fell on the ball for another TD. The Rifles again took command when Flynn hit Nicholas for a third score. The Rifles kicked off, and Canton failed to retrieve the ball, and Bob Wozniak of Lake County fell on the pignskin for a fourth tally.

Final scoring for the night found Flynn uncorking another aerial to Jim Bednar, a former W. Michigan, All-American from Great Lakes. Bednar grabbed the toss and raced into the end zone. With Miller again converting, the score was 34-0.

In the final stanza of play, Highland Park's Bob Luckman at the Rifles helm moved the locals uptied in a sustained drive when a fumble thwarted a last minute scoring threat. Coaches Cichowski and Angelo Dabiero were elated with their team's initial performance and expressed high praise for the defense, as well as offensive linemen, Lee Wahlgren, Ken Bates, Bill Butchart, and giant John Gavurik.

Defensive backs Jim Scully, Ed Sublett and Bob Hauser turned in yeoman performances, with Scully and Hauser intercepting two of Canton's Dennis Harley's passes. Statistically, the Rifles amassed 370 yards to Canton's 250, with Flynn and Luckman accounting for 229 yards via the air. Bednar and Nicholas combined for 160 yards on pass receptions, as Curry, Johnson and Tony Seals teamed up for 135 yards to lead the ground attack.

Saturday, Aug. 20, at 8 p.m., finds the Rifles opening their second Central States Football League campaign against the Sheboygan Redwings. The Rifles will be out to make it two in a row over the Redwings, as they defeated them 34-20 in an opening thriller last season.

## Cossmann Edges Burgan In Stock Car Thriller

Jim Cossmann held back the constant challenges of arch rival Dennis Burgan in the 25-lap late model feature at the Waukegan Speedway Saturday night and won his ninth feature of the season. Barb Becker came from the rear of the pack to defeat the ladies in a powder puff mud race.

The weatherman threatened all afternoon and evening to step in and stop the races, but Waukegan put a full program into the record books. With a large number of entries in the pits and a good sized crowd, almost all of the races turned out to be close ones with late-lap decisions and close finishes.

After the feature, part of the track was watered down and the ladies started out in their mud race. Bonnie Ketchum led for most of the event, but found a slick spot in the track and ended up going the wrong way. Maude Cossmann and Barb Becker raced on even terms for the lead, until Becker proved the master of the situation when they encountered traffic. This is Barb's fourth powder puff triumph of the season.

Jim Luther was the only double winner of the evening, taking honors in his heat race and the semi-feature event. Bob Kelly, Pete Brewer, Odell Jones and Jack Ester also moved into the winner's circle with wins in the preliminary races.

**HARRIS LEADS MODIFIEDS**  
Only 27 championship points now separate leader and defending champion, John Reimer, and fast-closing Whitey Harris in the chase for the modified driving title at the Waukegan Speedway. Harris took over the lead in the 13th lap and was never headed as he recorded his sixth feature win in his last seven starts at Waukegan—this one a fifty lap championship run.

The late model division also found the second place contender gaining valuable championship points on the leader as Jim Cossmann took fast-time, second in his heat and then won the feature event in possibly the closest

## Antioch Jrs. To Bowl Pro's

Five Antioch Junior league bowlers will bowl a match with a team of professional bowlers for the preliminaries of the Pro-Am tournament at Bertrand's bowling alley today (Thursday).

The five Antioch bowlers who will get a close-up view of the pro's in action are Dave Turner, 13 years old, with a 134 average; Dave Longley, 13, 139 average; Dan Matteoni, 16, 144 average; Phil Maplethorpe, 15, 161 average; and Ray Palenik, 14, 147 average.

## Junior Leaguers Register Saturday

Youngsters who want to bowl in the Junior bowling league at the Antioch Bowl can register at the bowling alley any Saturday starting August 20, through the first Saturday in September.

Burgan pulled almost even with Cossmann as they went down the backstretch on the final lap. Trough the corner they were side by side and both brol for the checkered flag on early even terms. Cossmann was on the inside and Burgan inched up, but Cossmann was declared the winner in a true photo finish.

## Football Practice At ACHS Starts Next Week

Roy Nelson, Antioch High School's football coach has announced that practice for the fall football season will start Wednesday, August 24.

Candidates for the football teams must report to the High School Annex August 22 and 23 to pick up equipment. Members of the varsity team will report to the Annex Monday, August 22, from 9 to 11:30 a.m. Sophomores will report Monday, August 22 from 1 to 3:30 p.m. Candidates for the Freshman

squad report Tuesday, August 23 from 9 a.m. to 12. All candidates must present their physical examination card before receiving any equipment.

The pre-school practice sessions will be held from 7:30 to 9:30 a.m. and from 5:30 to 7:30 p.m. One-a-day practice sessions begin Tuesday, Sept. 6 at 3 p.m.

A lock fee of \$1.50 will be required, payable at the time lockers are assigned. The fee is refunded at the end of the season.

## Race Driver's Son To Drive At Fair

Gary Bettenhausen, Tinley Park, son of the great auto race driver, the late Tony Bettenhausen, will drive his first Big Car Auto Race in the Illinois State Fair 100-mile event, Saturday, August 20.

His first race will be the "Tony Bettenhausen Memorial Race," named in honor of his father, who died in a fiery crash at Indianapolis in May 1961, a few days before the Memorial Day race that year.

United States Auto Club officials announced last week that A. J. Foyt of Houston, winner of the Illinois State Fair 100-mile championship race for the last two years, will defend his title again. He will drive the Sheraton-Thompson dirt track car he drove last year.

Bettenhausen will drive the American Eagle Racing Team Special No. 61 owned by David R. McManus of Hanover, Mich., in the Big Car Race.

In the State Fair Stock Car race Friday, Aug. 19, Bettenhausen will drive his own 1965 Hemihed Dodge, which carries No. 99, a familiar one to race fans since it was the number used many years by his father.

## Sudden Death Playoff For Babe Ruth Teams

With all the scheduled games in the Babe Ruth League having been played, two teams share the honors of top spot.

The Merchants and the Advertisers, the two leading teams, will decide the league championship today (Thursday) with a "sudden death" playoff at the Antioch High School Athletic Field.

The Advertisers and the Merchants played to a 3 to 3 tie last Thursday in a regular league game. The game was called because of darkness. A. Comstock and F. Zeman pitched for the advertiser; J. Carlson went the distance for the Merchants. Steve Strang came up with the only hit for the Merchants.

The Advertisers bested the Boosters, 9-7, last Friday, after a 5-inning game, called because of darkness. Pitchers were S. Bentel and L. Howen for the Boosters while

B. McCarthy was credited with the win.

A replay for an August 11 tie game was held Monday, Aug. 15. The Advertiser won the game, beating the Merchants 6-4. It was a close game until the sixth inning, when the Advertisers broke loose with 4 runs on 4 hits. Winning pitcher was A. Comstock; losing pitcher, Jim Carlson.

League Standing to Date

Advertiser 10 6 .625  
Merchants 10 6 .625  
Bankers 9 7 .562

## Millburn Chapter of DeMolay Elects Officers

The Order of DeMolay, Chapter of Millburn, elected officers at their meeting on August 10. James Wells was elected Master, John Dahl, Senior Counselor, and Greg McIntosh, Junior Counselor.

James Wells is 16 years old the son of Mrs. Amy Wells of 416 Orchard, Antioch. He is a junior at Antioch High School and served as manager of the Sophomore basketball team last year.

John Dahl attends Zion-Benton High School. Greg McIntosh also attends Zion-Benton High.

Installation of officers will be held September 3. The girls of the Antioch Chapter of Rainbow Girls will be escorts for the installation. The public is invited to attend.

DeMolay is an international fellowship of young men from 14 to 21 years of age. Its main purpose is teaching of clean, upright

living by inculcating and practicing the virtues of comradeship, reverence, love of parents, patriotism, courtesy, cleanliness and fidelity. Its supreme effort is to create leaders and develop character.

The chapters are sponsored by recognized Masonic bodies. The Advisor of each chapter is affectionately called "Dad." Mr. Bob Irish is the "Dad" for the Millburn Chapter.

One of the many activities is the basketball team. Last year the Millburn Chapter tied for first place of the Northern Jurisdiction. Several of the boys won trophies.

Millburn Chapter also has an active Mothers' Club, whose members help the boys in many ways. At the last meeting Mrs. Rickter, president of the Mothers' Club, presented the boys with money to help with the expenses on their trip to the Conclave at Carbondale.

bons at the Rock County Fair in Wisconsin. James Swenson, son of Francis Swenson of Milton Junction, Wis., won two blue ribbons on his Hereford steers, and two blue ribbons on his sheep. The care and feeding of these animals has been young James' 4-H project this year.

Mr. and Mrs. Edward Jahneke, Beach Grove, attended the 25th wedding anniversary lawn party of Mrs. Jahneke's sister and husband, Mr. and Mrs. Charles K. Ide of Downer's Grove, on Sunday, August 7th. Due to the inclement weather, the party of 250 guests and relatives was held under a huge tent pavilion. Except for Mrs. Jahneke, who had been maid of honor at her sister's wedding, all the other attendants were unable to attend, due to the fact that they now live in Texas, California, Florida, New Jersey, Utah, Louisiana, and Europe.

Mrs. Jahneke and Mrs. Ide were disappointed that their only brother and his wife, Mr. and Mrs. James Craig, mile of Kansas City, Mo., could not come. The Craig family are now traveling through England, Scotland, and will soon be seeing France and Germany. Mrs. Jahneke enjoyed seeing many old friends, but after living in Antioch for 20 years it wasn't always easy to recognize everyone.

The Bernard Stadick family of Antioch have been doing some extensive traveling the last few weeks. They visited Mr. Stadick's brother, the Ronald Stadick family of Springfield, Va. While there, they went to see Arlington Cemetery, and saw the late President Kennedy's grave, and viewed the Changing of the Guard at the Tomb of the Unknown Soldiers.

At the Washington Zoo they saw the only white and black striped tiger in the United States. This tiger was sent here as a gift from India, and is a very rare species in that country, too.

Since this was the Stadick's third trip to Washington, D.C., and they had already seen nearly all the national and historic buildings, the Capitol, etc., they hurried home. Then, they attended the American Legion and Auxiliary Convention in Chicago. Back to Antioch, and up to Pioneer Park, 8 miles from Baraboo, Wis., where they camped in their travel trailer.

At Baraboo, they went to The Circus World, an international, historic and educational museum of the Circus. There is a callope concert held every half hour. The Stadicks then spend a weekend with Mr. and Mrs. Donald Stadick, a cousin, at Vicksburg, Mich. They water-skied at nearby Baxter Lake, and took a boat trip through the lovely white and yellow lilies and lily pads of this lake.

Mr. and Mrs. P. A. Swenson saw their 14-year-old grandson win four blue rib-

## Legion Auxiliary

By Del Jahneke

Junior members of the American Legion Auxiliary are girls from infancy to 18 years of age, who are daughters or sisters of Legionnaires. Their activities are supervised by the Senior membership into which they graduate at the age of 18.

Junior members do not form a separate organization, but are members of the American Legion Auxiliary grouped separately so that they may be given a program within the scope of their years and understanding.

This is the second year that the 10th District Juniors from any and all Lake County Units has been organized. They have their own elections, officers, and chairmen, and conduct their own meetings. Their adviser, this year is Mrs. Edward Wohlbrandt of Wauconda, 10th District Junior Activities Chairman. Any Junior member in Lake County is eligible to belong.

Through the Americanism Program, the girls are taught patriotism, citizenship and loyalty to American ideals and principles. Their work in Rehabilitation includes making trays and other interesting and useful items for hospitals and small items for hospitalized children. Any eligible Junior Auxiliary Misses in the Antioch area who are interested in participating in this program on the District level, please contact Mrs. Ray Rahmann, 395-3333.

## Special Speakers

### At Church Service

Elmer L. Towns, Associate Professor at the Trinity Evangelical Divinity School, Bannockburn, and former president of the Winnipeg Bible College will speak at the 11 a.m. service at the Antioch Evangelical Free Church Sunday, August 21.

Frank Sheriff, former chairman and noon-hour radio speaker of the Chicago Christian Businessmen's Committee will speak at the 7 p.m. service.

The public is invited to attend. The newly air-conditioned church is located at Tiffany Road and Highway Drive, just north of Lorenz Country House.

## AUCTION TO BENEFIT LINCOLN SCHOOL

Y Mothers of Twins Club will hold its monthly meeting on Thursday, August 18, at 8 p.m. at the Y.W.C.A., 445 N. Genesee St., Waukegan. An evening of fun has been planned. It will begin by playing games and progress to a blind auction. The proceeds of the auction will be turned over to the Lincoln School for Mentally Handicapped Children. The evening will close with the serving of refreshments.

The Y Mothers of Twins Club is a member of the National Organization of Mothers of Twins Clubs, Inc. The official motto of the clubs is "Where God Chooses the Members."

## WHERE THE BOYS ARE

Pvt. Harry Vanderkloot of Antioch recently graduated from Marine boot camp at San Diego, Calif. He will go to Camp Pendleton for intensive training, after which he will have a month's leave, and will visit his parents. He will then be sent to Hawaii for further training.

## AARP PICNIC WELL ATTENDED

Members of the Antioch area A.A.R.P. report a turnout of 47 members and guests for their picnic on August 9, with beautiful weather and a good time.

The picnic was held at the home of Mrs. Bessie Spychal on Fox Lake. Herman Reimer played the organ and led a group in singing. Cards were played and Mrs. R. Jacobsen, daughter of Mrs. Elsie Spitchak, provided rides in a pontoon boat.

Refreshments were served, with Mrs. Spychal's daughter, Mrs. F. Beaulieu, dispensing coffee.

## HOMEMAKERS TO MEET

The regular meeting of the original Homemakers' Club will be held in the Antioch Savings & Loan community room at 1 p.m. Wednesday, August 24.

Refreshments will be served by Mrs. Erpa Fridell and co-hostesses Mrs. Earl Loomis and Mrs. Fred Bremer. Cards will be played.

## Social Notes

By Del Jahneke

The Wayne Folsgrove family of Antioch have just returned from a 10 day camping vacation, most of their time staying in the Colorado Springs, Colorado area.

They were most impressed with the New Air Force Academy and took a guided tour there. They saw the three chapels of their beautifully constructed church, representing the three major religions — Protestant, Catholic and Jewish, with a smaller room designated for other religions. No visitors were allowed in the academic area.

The splendor of the mountains surrounded them everywhere they traveled in this vicinity. The Folsgroves went down 1,000 feet into the Molly Kathleen Gold Mine, where mining had been done on 10 different levels, at Cripple Creek, Colorado. Cripple Creek had once been a thriving and wealthy town of some 40,000 population, but now it is mostly a "ghost town" with 750 people still living there.

They visited the Will Rogers shrine, and were caught in a snowstorm on August 1st. They crossed the famed suspension bridge over the Royal Gorge, and rode the inclined railroad down into the Gorge.

The Cave of the Winds at Manitou Springs and a drive through the Garden of the Gods were next on their agenda, as well as side excursions to see the Seven Falls and explore the cliff dwellings at Cheyenne.

Before coming home, they saw a "Wild West Rodeo" at Woodland Park. They made their entire trip in their travel trailer, and commented on the excellent conditions of the state and national park facilities for camping.

The James Kennedy family of Toledo, Ohio, were recent weekend visitors at the home of Mr. and Mrs. Frank Kennedy, Sr. in Antioch.

Mr. and Mrs. P. A. Swenson saw their 14-year-old grandson win four blue rib-

4-H Speakers Try Out For 3 Top Awards

"Believe in your message and others will believe you." This is the advice given 4-H Club youth striving to become effective public speakers. From numerous reports, it seems that the young speakers DO talk about things they believe in such as democracy, citizenship, 4-H, family and community life.

In this state and 26 others, nearly 100,000 boys and girls have researched, written and delivered speeches. They are enrolled in the 4-H Public Speaking program supervised by the Cooperative Extension Service and sponsored by The Pure Oil Company.

There is keen competition among members not only for the awards offered, but for the personal satisfaction of being able to stand up before an audience and communicate. Awards given annually by the sponsor are: medals of honor for county winners; an engraved wrist watch for the top boy, and a chest of silverware for the top girl in the state.

In addition, Pure Oil offers two \$500 scholarships nationally to the boy and girl judged best from all states submitting candidates. The national champions also are guests of the sponsor during the National 4-H Club Congress held in Chicago the week following Thanksgiving.

Among 4-H speech making tips given are: (1) Go before your audience rested; eat sparingly. (2) If you are nervous, breathe deeply several times before being introduced, and relax. (3) Smile. (4) Be natural friendly. (5) Know your subject and talk in terms your audience will understand. (6) Never talk about stopping. Stop.

## Clean Heating

Any fireman can tell you it's actually a fact that a clean house seldom burns.

It's just as true that a clean stove or furnace seldom burns up the house.

Dirty, defective heating and cooking equipment is high on the list of fire causes. It was responsible for close to 200,000 fires in the United States last year, according to National Fire Protection Association estimates.

Now is an excellent time to have heating equipment serviced and repaired before you let it go and get caught by the first cold snap next fall.

It could be time to check the chimney, too—it's particularly important if you burn wood or coal. And a clean, tight chimney means fuel saving as well as fire safety.

If you have an exhaust fan and duct over your kitchen stove, how long since it has had the greasy residue removed?

A final reminder: Make sure that any kerosene or oil room cleaners are clean and in sound working condition before you put them away.

for the season or get them ready for camp use. A dirty, defective one is about as dangerous an object as you can have in your home.

## THE MOON MEN ARE MISSING

"Modern science and technological developments are wonderful, but we sometimes think they take some of the pure enjoyment out of life. Who has not sat out under the star-studded sky and wondered, 'What's up there?' Not any more. Science has pretty well shown us that there is nothing, but dead, rocky masses, devoid of real interest to the layman.

"Somehow, we think our grandchildren have been robbed. Never will they be able to gaze skyward and wonder what creatures live on the moon, on Mars or Venus. Buck Rogers has become passe. Certainly, we can have all kinds of space travel for the young ones (and the older, too) to gaze upon, but the tingling anticipation is gone with no prospect of meeting somebody—or something—out there."

Crystal Lake Herald.

## Guess Who The Boss Is At Your A&P

It's you!

Think about it. It makes sense.

All of us from the President on down work for you.

Frankly, where would we be without you  
and the many people like you?

We know. We'd still be in that little store on Vesey Street  
where we started more than 100 years ago.

That's why you're important. That's why we care so much  
about how we serve you...

about being fair, honest, and dependable.

Is this kind of attitude a good reason for shopping A&P?

It's one of many.
